

Progressive Workspaces for a
Progressive Nation

MONARCH
Global WorkSpaces. Crafted in India.

Monarch uses modern technology and processes to produce the finest quality products - trendy, ergonomic and integral to the workspace, we are an authentic Indian brand with a global outlook.

Made in India, Ready for the World.

MONARCH

Global WorkSpaces. Crafted in India.

India has always been home to great craftsmen and craftsmanship. Our architectural and artistic wonders over millenia stand testimony to our love for grandeur, finesse and high artistic values.

Monarch Ergo was born with the idea of designing and crafting products that reflect our rich background of exceptional skills. In 1996, we set out to create more than just furniture and that led us to our vision of creating Workspace Solutions.

Our workspace solutions are the perfect blend of comfort and aesthetics, breathing life into a space that embodies the heart and soul of what you do. With our relentless quest for the perfect design and a global standard product, we have managed to proliferate the workspace solutions industry with our global creations - Crafted in India.

Our Story

Over the course of two decades, since our inception, we have watched 'the workplace' evolve, from formal corporate setups with characteristic solid, rigid workspaces to the fluid, flexible, dynamic spaces of the modern startup culture. There is a refreshing change in the way people envision and organise their office spaces - encompassing functionality and collaborative elements that work for their business and their people.

Our keen learning and intuitive nature have allowed us to expand our services in response to the changing markets and deliver the appropriate solutions successfully.

With 10 branches spread across the country and three international locations, Monarch has grown to be a name synonymous with ergonomic workspace solutions of premium quality.

Our Partner

We are also the sole Indian partner for Merryfair Malaysia, a well known name, valued in over 100 countries around the world for their premium ergonomic seating solutions.

Our Vision

“To be a global organization rooted in Indian beliefs, devoted to understanding and creating solutions for changing workspaces by delivering world-class products.” India.

Our Mission

“To design and deliver workspace solutions made in India, at par with global standards in terms of quality and design. To produce cost-efficient products driven by constant innovation and ergonomic designs.”

Our Values

Monarch Ergo is an expression of a vision greater than the sum total of its parts. A vision that acts as a guiding light to the entire Monarch family. Our team-work and collective synergy are our greatest wealth, driven by our core values.

Integrity

Commitment

Teamwork

Customer focus

Progressive improvement

Enduring relationships

Embracing change

**FEWER WALLS,
MORE IDEAS.**

Our Creations

Our furniture has been engineered to uphold the functional benefits that are required of office equipment while also appealing to the dynamics of the modern office space.

With the intent to create better environments to belong to, Monarch embraces the changing needs of the modern organisation and creates solutions to meet them.

Our extensive range of ergonomic chairs, desking systems, panel systems, tables and storages are meticulously designed to fulfill the needs of every office space.

We create workspaces that work for you and work with you.

A Dynamic Workplace

The advent of the new age has changed our lifestyle and our work environments too. As a result of these developments, our bodies have become habituated to sitting for the most part of the day which has proven to have detrimental effects on our well-being.

Height adjustable tables thus come as a boon to our working environments bringing the positive effects of standing back into our lives. They switch up the dynamics of our stagnant workplaces making them more agile and comfortable.

Take your workspace up a notch with our new height adjustable tables.

Our Craft and Craftsmen

Our talented craftsmen bring to life their pragmatic ideas with the help of the finest machinery, keeping the brands sensibilities and integrity intact.

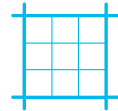

The undetering effort and belief of our workforce helps them drive our business to its ultimate destination - your workspace!

Every member of our team passionately contributes to the process - from ideating and conducting research, to the development of the final product, to engaging with you while you remodel your space.

Our sales team is spread across 10 offices around India and are driven to understand even the most minute details of your requirement. The workspace solutions that come to life are thus on par with the global standards and are ergonomically well suited for your comfort.

Our Workshop

We believe that providing the right tools to the right people help in harnessing the best. We have a state-of-the-art modular manufacturing facility in Medchal, Hyderabad that exhibits top notch features

Modular factory space of over 2,30,000 sqft

Over 500 highly skilled workforce

Sustainable and recyclable raw materials

In-house research & development center

Advanced production lines

Best-in-class

Research & Development

Research is the prerequisite to developing products that work for all kinds of workspaces. Our in-house Research & Development team ensures that our products evolve with the changing work scenario.

With innovation being one of the cornerstones of our beliefs, our product development team is always striving to understand the new insights of the industry in order to upgrade our products.

Our workspace solutions are thus, the output of the mastery of our inexhaustible penchant for finesse.

DIFFERENT WORKSPACES FOR DIFFERENT WORKFORCES

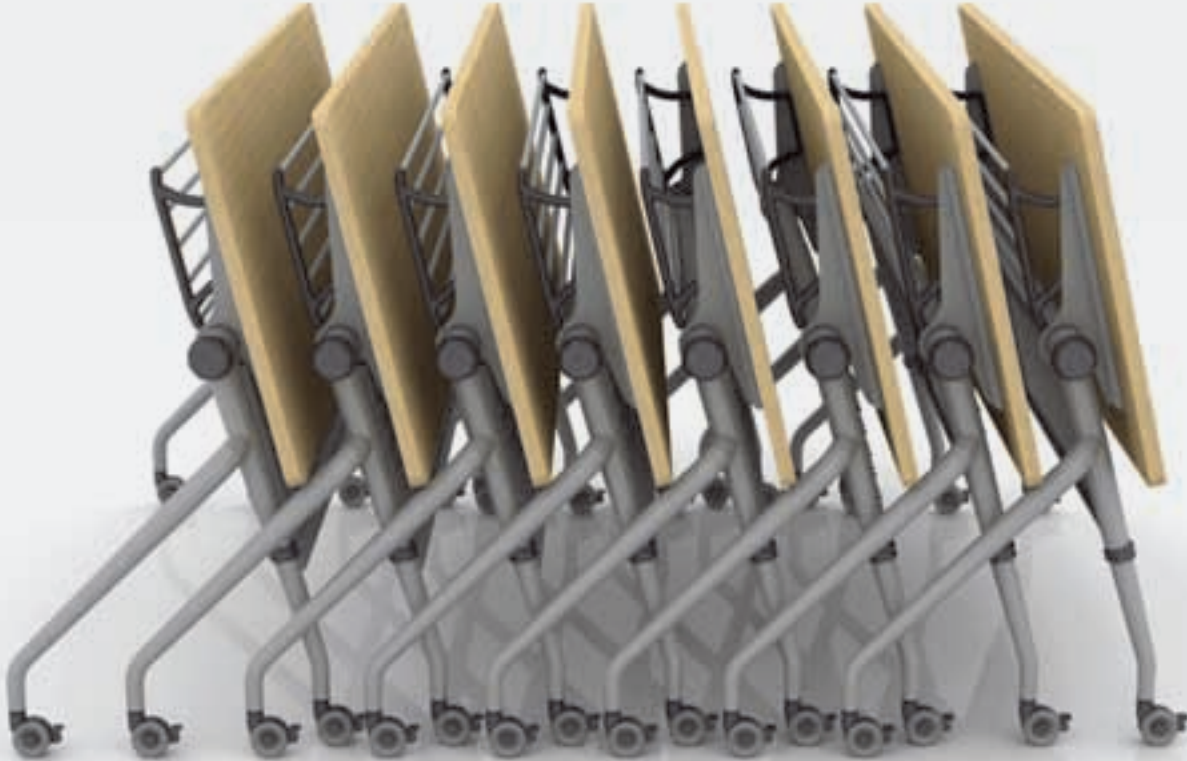

The Times They Are a-Changin'...

...is also reflected in the evolution of the workplace. Advancements in Science & Technology have transformed the way we work and engage with fellow professionals. 'Agile', 'flexible', 'collaborative', 'employee experience'...are the new buzzwords and at Monarch they take the shape of smartly crafted workspace solutions.

The Modern Workplace

At the same time, there is also an overarching need for the workplace to reiterate and reinforce the organisation's culture and values; impacting employees and customers alike with its aesthetic, efficiency-promoting approach.

Inspired by employees' needs and designed to suit the organizational values, we take every aspect into consideration to ensure a tailored result that is beneficial on an individual and organizational level.
