JUVEL

MONARCH

Juvel is Swedish for jewel, or gem.

The inspiration behind Juvel came when the designer was attracted to paper art. Juvel combines not only shades that evoke facets of a cut jewel, but also hints at influence of Japanese folding handicraft, Origami (摺紙).

Having started with paper models and prototypes, the team has now turned it into a one-piece functional chair using injection moulding to cover many applications.

This minimalist chair captivates with its prismatic shape. Seat and back surfaces are gently contoured in the center to provide comfort without detracting from the angular design aesthetic. It is lightweight, durable and stackable. A matt surface lends a pleasant texture to the angular surfaces. Perfect for showrooms, dining room – everywhere that you would like to quickly and easily offer guests a sturdy chair. Washable.

Available in 6 colours. White, Yellow, Mango, Red, Green, Charcoal.
